

Yale University Art Gallery Scavenger Hunt:

January 2015 Edition

HOW TO PLAY: Each clue below shows all or part of an artwork inside the Yale University Art Gallery. The harder to find the work of art, the more points you score. So look carefully and look deeper! When you find the object, look at its wall label to provide you with the information to prove that you found it! Play by yourself, collaboratively with a group, or on competing teams.

This edition is good until February 1, 2015.

After that date, several exhibitions will come down, and others will replace them. Some of the artworks represented below might disappear. But don't worry--fresh editions of *YUAG Hide & Seek* will follow! Now, enjoy this world-class art museum, and happy hunting!
